<input checked="" type="checkbox"/> SSI	6/4/92	State
<input type="checkbox"/> ESI		
<input type="checkbox"/> HRS		
<input type="checkbox"/> Other (specify)		
RECOMMENDED ACTION:		
<input type="checkbox"/> Further Investigative Action Needed:		
<input type="checkbox"/> Site Reconnaissance		
<input type="checkbox"/> Screening Site Investigation		
<input type="checkbox"/> Expanded Site Investigation		
<input type="checkbox"/> HRS		
<input type="checkbox"/> Other (specify)		
<input checked="" type="checkbox"/> No Further Action Needed at This Time Due to:		
<input type="checkbox"/> No evidence of hazardous waste		
<input checked="" type="checkbox"/> HRS score would be below cutoff value (see "Comments")		
<input type="checkbox"/> HRS score would be above cutoff value but no further action is recommended (see "Comments")		
<input type="checkbox"/> EPI-PA (RCRA lead site)		
<input type="checkbox"/> Will be addressed by other program or agency (see "Comments")		
<input type="checkbox"/> Other (specify)		
COMMENTS:		
The most contaminated portion of the site has been capped + There is no evidence of migration to the Potomac River. Based on lack of targets the site would not score above the HRS cutoff.		
<input type="checkbox"/> comments continue on back
